THE UNION — DAILY

VOL. XX.—NO. 5978

PORTLAND, OREGON, SATURDAY, MAY 22, 1880

PRICE—TEN CEN[illegible]

GENERAL NEWS

BY TELEGRAPH TO THE OREGONIAN.

Outrage by Navajo Indians.

SANTA FE, May [illegible].—A letter to the *Daily New Mexican* from Fort Wingate states that on 18th a party of drunken Navajo Indians attacked a buckboard near Blue Water cut the mail sacks open and threatened the driver. There was a large package of silver in the mail but the Indians did not molest it. Fears are expressed that this is a premonition of an outbreak on the part of the Navajos and, encouraged by the success of Victoria's band. These Indians can't now be whipped by the small number of troops in the territory and if reinforced by the Navajos 10,000 troops will hardly be able to subdue them. The present insubordinate spirit of the Navajos is attributed to their not liking their agent and letters have been sent to the interior department, signed by all of the agency employes asking his removal.

Nebraska for Blaine.

OMAHA, May 20.—The Nebraska republican state convention met at Columbus last night at 7 o'clock, had a night session and adjourned till 5:30 this morning.

After a long contest over three counties the following delegates were elected: Dawes, Mitchel, Crounse, Persinger, Gaslin, Lewis—all solid for Blaine; average vote, 241½. Grant ticket average vote 127½. The only resolution carefully considered was one pledging support to the Chicago nominee. Just as the convention was breaking up such a resolution and one eulogizing Blaine were passed. Delegates were not instructed.

The New Jersey Forest Fires.

BAY SIDE, N. J., May 20.—Since Saturday night losses in the southern portion of the county by forest fires will exceed $100,000. The largest individual loss in this county was at Thronen Neck on Thursday, when the finest farm houses and outbuildings in the county, together with 100 head of sheep and cattle, a number of valuable horses and mules were consumed; the occupants first escaping in their night clothes, barely saving themselves.

Gordon's Successor.

COLUMBUS, Ga., May 21.—The citizens at a meeting censured strongly Gov. Colquitt for appointing J. E. Brown as senator of Georgia vice Gordon, resigned. Brown is not representative of Georgia or the democratic party but a man who betrayed the state in her hour of trial.

Delegates Appointed.

JACKSONVILLE, Fla., May 20.—Greenback-labor party has appointed delegates to the Chicago greenback convention.

Addresses by Hayes and Schurz.

HAMPTON, Va., May 21.—President Hayes made an address at the closing of school to-day on the race question. Secretary Schurz speaking on the Indian question, believed that the Indians would be at no distant day, classed as American citizens.

The Pennsylvania Prohibitionists.

ALTOONA, May 21.—The prohibition state convention met, and adjourned after adopting resolutions without nominating a ticket, leaving the matter to the state central committee to choose.

Labor Troubles in Omaha.

OMAHA, May 21.—A strike at the smelting works in this city nearly resulted in a riot to-day, 1500 workmen compelling 109 colored men, who had been brought from river towns, to stop work. The militia is ready at a moment's notice.

WASHINGTON CITY.

Trespassers on the Indian Territory under Arrest.

WASHINGTON, May 20.—Gen. Pope telegraphs that he has arrested Capt. Payne and followers for invading the Indian Territory in violation of the president's proclamation and is holding them for instructions.

Washington Races.

WASHINGTON, May 21.—In the one and a quarter mile Scottish won. N. Y. Weekly 2d, time, 2:21. Two mile dash—Checkmate won, Glenmore 2d, time 3:36½. Mile heats—Vagrant, 1st, Edwin A. 2d. time, 1:44¼, 1:44¼, 1:45. Disturbance won the steeple chase.

More Trouble in the Southwest.

WASHINGTON, May 20.—Gen. Charles Adams who has just returned from Colorado says that there are now waiting on the borders of the Ute reservation at least one thousand wagon loads of emigrants who have come thither from Missouri, Kansas, Iowa and Illinois expecting to make homes and put in crops this summer in the Uncompahgre valley. Many of them are already destitute of provisions and a threatening state of affairs exists, not only on this account, but also by reason of a growing feeling among the Indians that they have been cheated by being brought to Washington to sign an agreement which has not been ratified. Senator Hill called with Gen. Adams on the president and Secretary Schurz to-day. They were assured that the administration is deeply impressed with the necessity of speedy action by congress to pass the pending bill to ratify the Ute agreement.

Kellogg Safe.

WASHINGTON, May 21.—Kellogg is surely safe and the case will be disposed of in a very short time now.

BY ATLANTIC CABLE.

The "Times" on the New Parliament.

LONDON, May 21.—The *Times* says that there could hardly have been a milder commencement of the session of the new ministerial reign that was presented by yesterday's debates in the two houses. The queen's speech indicates no material divergence in policy adopted by the ministry from that pursued by the late government, consequently there was scarcely any opportunity for a conflict of opinions.

A Dissenting Home Ruler.

A. M. Sullivan, home ruler, elected to the house of commons for Meath, unopposed the Irish members.

Cherokee drawn for the Derby.

LONDON, May 20.—Lorillard's Cherokee has been scratched for the Derby.

The Oarsman.

Boyd, oarsman, leaves to-day for the United States. He has challenged Trickett to a race on the Thames upon his return.

Proposed International Administrative Commission.

PARIS, May [illegible].—Goschen, British ambassador to Constantinople, while here saw Premier De Freycinet and several other officials. He has gone to Vienna to interview Baron Haymerle the Austro-Hungarian premier. It is affirmed that Goschen without declaring himself as authorized to take the initiative of common action by the powers for the establishment of an international administrative commission has intimated that England could not hesitate to give hearty support, if on initiative of any power she were summoned to submit to the creation of such commission as was foreshadowed by the Berlin treaty. Goschen's eagerness to confer with France and Austria before going to Constantinople indicates that the British cabinet feels the urgency of ending the situation which may paralyze the best disposition and produce disagreement.

The May Laws.

BERLIN, May 20.—Leaders of the central ultramontane party of the Prussian diet declare that they are resolved to resist to the utmost a bill endowing ministers with documents relative to the execution of the May laws.

WASHINGTON TERRITORY.

Boy Drowned.

SEATTLE, May [illegible].—The [illegible] year old son of Capt. E. L. Marshall of Milton while sitting from the wharf at that place last evening fell into the water and was drowned. The body has not yet been recovered.

Ho for Skagit!

The rush skagitward is rapidly increasing. The trail will soon be completed to a central point in the diggings and probably by the middle of June there will be 2000 men on the ground.

Discovery of Gold near Olympia.

OLYMPIA, May 21.—The bulletin board of the board of trade contains the following special post to the secretary of the board: Gold found and in paying quantities convenient to Olympia by a Gold Hill [illegible] miner. Olympia can control the works. Full particulars will be discussed in secret session at the next meeting of the board.

The M. E. Church and M. E. Church South will unite and hold a campmeeting on the Dixie campground commencing June 8th.

THE [illegible] CONVENTION [illegible] FOR GRANT.

Cullom Nominated for Governor—A Good Deal of Dissatisfaction Among Anti-Grant Delegates.

Press Comment, Etc., Etc.

SPECIAL TO THE OREGONIAN.

[illegible]—The ballot [illegible] the vote on the previous question [illegible] for the selection of Grant delegates [illegible] but it was carried [illegible] motion was then made [illegible] committee [illegible] nays [illegible].

Logan offered the following which was adopted:

Resolved, That Gen. U. S. Grant is the choice of the republican party of Illinois for the presidency, and the delegates from this state are instructed to use all honorable means to secure his nomination by the Chicago convention, and [illegible] as a unit for him, and the said delegates are given power to fill all vacancies.

On motion of A. M. Jones the chairman of the convention was instructed to telegraph to Grant that Illinois is a unit for him for president. The motion was carried, loud cries of No being heard.

St. Clair county presented a protest stating that it had appointed delegates to Chicago according to the conditions of the call, and now they were set aside and others put in their stead.

Delegates from the 4th, 4th, 9th, 13th, 10th, 6th, 2d and 6th districts concurred in this protest.

Logan then offered the following and suggested that it be the only platform:

Resolved, That the republicans of Illinois in convention assembled declare that they will support the nominees of this convention for state officers and the nominees of the Chicago convention for president and vice president.

The resolution was adopted by a rising vote amidst the greatest enthusiasm—the vast body of delegates unanimously rising to their feet and cheering enthusiastically.

A resolution directing the secretary to notify the republican convention of Alabama that Illinois sends 42 votes for Grant was offered but withdrawn on account of great opposition.

Gubernatorial candidates were then put in nomination being Messrs. Cullom, Fort, Reinaker, Hawley, Smith and Carr.

The committee here reported the state central committee and presidential electors and the list was adopted.

The first ballot on governor resulted, Cullom 219½, Rinaker 138½, Hawley 86, Fort 8[illegible], Ridgeway 7[illegible], Carr 55, Smith 51. Necessary to a choice, 317.

Balloting continued without much change. Before the fourth ballot was announced a break began and a large number of changes were made to Cullom and Rinaker. The former received two thirds of the votes and Cullom's nomination was made unanimous with the announcing vote.

THE NEW YORK PRESS.

The "Herald"—Grant Certain of the Nomination, and the Only Fit Candidate.

SPECIAL TO THE OREGONIAN.

NEW YORK, May 21.

The *Herald* says the Illinois convention is the turning point of a preliminary republican canvass. It has been so obvious that the success or defeat of Grant as the republican candidate depended on its action that most strenuous and arduous efforts have been made by his opponents to deprive him of the prestige of Illinois votes in the republican national convention. The Grant victory will go for a great deal more than the number of delegates gained. We have no longer any doubt that General Grant will be triumphantly nominated at Chicago on the first ballot. The southern negroes are totally misrepresented by delegates which Sherman has secured through office holding influence. They cannot be relied for a day after it is seen that Grant is certain to be nominated. The *Herald* concludes as follows:

General Grant will not only be nominated on the first ballot but will be nominated with such a display of effusive and outpouring enthusiasm as will make his rivals wish to forget that they had ever been arrayed against him as opposing candidates. Gen. Grant is the only fit candidate for the presidency. Of course we do not mean by this that no other citizen of the United States would make a good administration, but those who are best qualified refuse to run against him declaring their opinion of his superior fitness. The practical choice lies between him and his immediate rivals and in this restricted field we have no hesitation in saying that he is the only fit candidate.

The "Times"—"Grant Will be Nominated on the First Ballot."

The *Times* jumps the day's business and says that without claiming anything from Colorado the events of yesterday may fairly be expected to secure the 16 votes of Louisiana for Grant, as the conventions of the two last named states will close the series. We should consider it within truth to assume that Grant's strength on the eve of the nominating convention will not fall short of 300 votes. As there are 31 delegates elected from various states who are without instructions or preferences and are among supporters of nominal candidates such as Edmunds, Washburne and Windom, not to say Blaine and Sherman, there are many with whom Grant is the second choice. No political event can be much more certain than that Grant will be the nominee of the republican party for president.

New York Tribune—A Victory Showing Weakness Rather than an Expression of Strength.

NEW YORK, May 21.—The *Tribune* comments thus on the Illinois convention: Grant has won a victory in Illinois, it must be conceded, still it is not a victory of a character greatly to encourage the advocates of his nomination or to discourage in the least the opponents of the third term scheme. He has gained what was conceded to him from the start, what in fact it was absolutely necessary that he should get in order to enter the race at Chicago. He has in short carried his state as Blaine, Sherman, Edmunds and Windom have carried theirs. A candidate who cannot secure his own state is summarily dropped from the list in obedience to customs as old as presidential elections. His success, however, is of such a character and was won by such strenuous efforts from the jaws of defeat that it shows his weakness rather than his strength. It conspicuously exhibits the rapid degeneracy of his candidacy which began with boastful confidence of sweeping the country by a spontaneous outburst of popular feeling and has now got to such a pass that his supporters find cause for rejoicing in the fact that he has barely escaped rejection in his own state.

NEW JERSEY AND MINNESOTA.

Democratic Conventions at Trenton and St. Paul.

SPECIAL TO THE OREGONIAN.

ST. PAUL, May 21.—The democratic state convention met here yesterday. Wm. M. Campbell was elected chairman. The resolutions denounce the centralizing tendencies of the republican party, fraudulent perversion of the will of the people in 1876, official corruption of the republican, appropriations for partisan purposes, instruct delegation to vote as a unit at Cincinnati and the two third rule be observed, declare they will never again submit to a reversal of the will of the people, pronounce strongly against a third term and call upon citizens to prevent by all lawful means the intended wrong. THE BRITISH COMMONS.

Debates on Foreign Affairs, Irish Relations and other Matters.

SPECIAL TO THE OREGONIAN.

LONDON, May 20.—In the house of commons John Power home ruler gave notice that he would offer an amendment to the address in reply to the queen's speech that the position of occupiers of land in Ireland desires immediate attention in order that their legitimate claims may be satisfied.

Sir Stafford Northcote in a debate on the address dwelt upon the heavy responsibility of allowing the peace preservation act to lapse and earnestly hoped that the result would justify the step. Generally he approved of the spirit of the speech, although he criticised some of its details.

Parnell and some of his immediate followers sat on opposition benches. Shaw and others on the government side. Parnell gave notice that he would call attention to the parliamentary relations existing between England and Ireland.

Northcote asked what would be the relations between Goschen and Sir Austin Layard and whether if a similar appointment was to be made by other powers the opposition would support the government if they could conscientiously do so.

O'Connor Power then moved an amendment to the address that the position of occupiers of land in Ireland deserves immediate attention in order that their legitimate claims may be satisfied.

Gladstone urged Power not to press a proposition that did not affect the principle raised by the address. Regarding Northcote's remark Gladstone said that the government was fully as true to the principles they had enunciated respecting foreign policy when in opposition, as the late government would be respecting the object of Goschen's mission. He might remind the house that Earl Granville addressed a circular note to the powers urging prompt fulfillment of the Berlin treaty. He could not produce that dispatch until they had obtained in an authoritative form notification of their views. Goschen would receive specific instructions and the effect of his mission was to clear up misapprehensions entertained by Turkey regarding the government. The result would be worthy of attainment. The government, Gladstone said, viewed the Greek and Montenegrin questions as pressing. It was desirable to dispel the minds of the Turk people of the notion that England had such a special separate interest in the maintenance of Turkey. It was desirable to remove from the mind of the porte the idea that England was disposed to trespass on their rights in Asia.

All the government desired, said he, was to see the obligations of Turkey faithfully fulfilled. They had no desire to reduce the limits of Turkish territory in any direction. As regards Indian finance he would not in the present state of the question go into details. The government was allowed to accept annexation of Transvaal as an accomplished fact. The government thought circumstances did not justify the [illegible] [illegible] Ireland.

RELIGIOUS REGULATIONS.

Relating to Priests, Bishops and Catholic Societies.

SPECIAL TO THE OREGONIAN.

BERLIN, May [illegible].—A bill has been introduced in the diet giving Prussia certain discretionary power in administering ecclesiastical laws. It contains the following enactments:

The roll was called on preference for presidential candidate with this result: Thurman 13, Tilden [illegible], Seymour 5, Field [illegible], Hancock [illegible], Hendricks [illegible].

The following platform was adopted:

First—Indorses the platform of the [illegible] convention.

Second—Denounces the fraud by which Hayes and [illegible] were declared president and vice president.

Third—The leading issue of the present campaign are the vindication of the right of the people to self government, resistance to imperialism, maintenance of the reserved rights of the states and opposition to Chinese immigration.

Fourth—That the [illegible] of [illegible] political party toward an empire is a fraud upon the people and an insult to the men who fought for their country.

Fifth—Affirms devotion to the union, deprecates sectionalism and holds the republicans responsible for the agitation of dead issues.

Stevens, Andy M. Stevenson, J. L. Thompson, W. S. Hendricks, J. McFirath and T. G. Castle. The delegation is uninstructed but directed to vote as a unit. They stand: Tilden 8, Thurman 2, Seymour 1, Field 1. Following is the corrected vote of presidential preferences of the democratic state convention last evening: Thurman 133, Tilden 96, Seymour 9[illegible]. Others as given previously.

Platform reported by the committee was adopted. A resolution was adopted authorizing the majority of the delegation at Cincinnati to cast the vote of absent delegates of this convention.

Adjourned sine die at 12:30.

The state central committee met immediately after adjournment to organize. H. W. Beale was elected temporary chairman and W. A. Selkirk secretary. Frank G. Newlands was placed in nomination for chairman of the committee. After desultory discussion for half an hour the committee adjourned until 2 o'clock.

Electoral Nominations.

SAN FRANCISCO, May 21.—The democratic state convention chose the following electors this afternoon: J. C. Shorb, W. B. C. Brown, Barclay Henley, R. F. Lelvelle, Wm. T. Wallace, David S. Terry.

THE W. P. C.

The "Other Wing" of the Convention Meet—A Constitution Adopted and Kearney Elected President, Etc.

SAN FRANCISCO, May [illegible].—Pursuant to adjournment the democratic wing of the workingmen's convention assembled at Humboldt Hall this evening at 8 o'clock. Vice President Pond in the chair. About 30 delegates were present, mostly from the city. A number more subsequently appeared and took seats. The minutes were read and approved. McCallion rose to explain the split in the convention. He stated that the republican candidate for congress had told him shortly before the convention met that he hoped the workingmen would run a separate ticket, as it would insure his election. McCallion also attacked the record in the state assembly of Chancellor Hartson, now nominee of the greenback wing of the W. P. C. for congressman from the third district, alleging that he had voted to expel Kearney from the assembly chamber. Hartson opposed anti Chinese legislation, and caucused with the republicans. He believed that republican money was being used to influence the election.

Congressman Braunhart offered as a substitute for the constitution under consideration the old constitution of the party adopted by a state convention, June 5, 1879, to be accepted as a whole. W. F. White of Santa Cruz stated that in an interview with Kearney the latter said that he was not in favor of changing the name of the party or merging it into any other party. He simply wanted to send delegates to the greenback convention to endeavor to nominate some man on whom all and Grant and monopoly men could unite.

John G. Days of San Francisco thought the convention had resolved itself into a democratic nominating convention.

Dwyer of San Francisco—that's a lie.

A sensation and desultory discussion followed after which Braunhart withdrew his substitute. The constitution reported by the committee was then taken up seriatim.

The first section of the old constitution was adopted as a substitute for the first section as reported. In all cases in which the words labor party or state central committee occur in the instrument they were stricken out and the words "workingmen's party" and "state executive committee" respectively substituted therefor. A motion to strike out the clause forbidding the presidents, officers or members of county committees from becoming candidates for office was lost—ayes 21, nays 23. A resolution was adopted that every person holding either an elective or appointed position in the gift of the W. P. C. be declared ineligible as a delegate to any nominating convention of the W. P. C. The constitution was then adopted as a whole and the convention then went into election of officers of the party. Dennis Kearney was elected president by a standing vote with three cheers. H. W. Smith was elected vice president, H. M. Moore secretary and D. Gorock treasurer.

At this point of the proceedings Mr. [illegible] entered the house and was received with cheers and escorted to a seat on the platform. He addressed the convention in a few words.

The officers elected are the same as those chosen by the greenback wing of the party, the object being to prevent any contest at the said [illegible] or else where. After some general discussion of the nomination of Hartson for congressman in third district the convention adjourned *sine die*.

YAMHILL POLITICS.

LA FAYETTE, May 20, 1880.

TO THE EDITOR OF THE OREGONIAN:

Old Yamhill the home of the original "Yamhillers," still exists and, though the past winter has been unusually severe and the spring wet and backward, yet farmers are rejoicing over the very flattering prospect they now have of an unusually large crop of grain. As election day approaches the chances of the rival candidates are being discussed with more animation and we have [illegible] of a lively canvass in this county during the next week. As you have seen by a notice that the opening speeches will [illegible] at East Chehalem on Tuesday next. There is to be a brass band in [illegible] all the precincts and a cordial invitation [illegible] extended to the ladies as well as their more [illegible] neighbors the voters to come out [illegible] [illegible] [illegible] of the democratic party. [illegible] [illegible] [illegible] [illegible] time [illegible] been represented by such a very [illegible] [illegible] candidates. Can this be the same Yamhill? Can that be the same [illegible]? Does the [illegible].

RIX.

CHRISTIAN SYMPATHY [illegible].

The *Advocate* of [illegible] [illegible] Mr. D. [illegible] the [illegible] court of [illegible] [illegible] [illegible] [illegible] [illegible] put a gag in the truth because it brings contempt on the [illegible] [illegible] [illegible] years in the race of civilization.

It was a maxim of Thomas Jefferson's that Error is harmless so long as truth is left free to combat it. This, though perhaps not wholly true, contains much truth and not to be despised or overlooked. Once admit that there is or may be a power in the state exempt from criticism and you establish a privileged leading to an oligarchy of the most dangerous nature.

The county seat question continues to be the chief topic of discussion in Polk county, the claims of Dallas and Independence each being urged by a host of enthusiastic friends.

ALONG THE NORTHERN PACIFIC.

A MAGNIFICENT BUNCH GRASS REGION.

Description of the Lands in Stevens, Spokan and Whitman Counties—An Excellent Climate.

SPECIAL CORRESPONDENCE TO THE OREGONIAN.

SPOKAN FALLS, W. T., May [illegible].

The division of the Northern Pacific railroad now building passes from the first surface water, Big Springs, to Spokan Falls through what will probably prove the greatest wheat raising district on this coast. The land on both sides of the railroad for a distance of from twenty to sixty miles can be best described by saying that it is of the same character as the famous grain regions of Walla Walla and Columbia counties. The wonderful productive qualities of the Walla Walla country which less than ten years ago was considered worthless, except for grazing, are too well known to require an extended description at this time. The good agricultural land near the railroad begins in township 17 north, range 33 east and extends north to the Great Bend of the Columbia, west to the Grand Coulee and east to Coeur d'Alene lake. The soil is decomposed basalt and varies from a light, quick sandy colored, in the neighborhood of Ritzville, to a black strong loam around Four Lakes.

I rode over nearly two hundred miles of ground in Whitman and Spokan counties and the statements given below are from actual observation. (Spokan county is not indicated on any map issued to date. It is the western portion of Stevens county which was divided at the last session of the territorial legislature.)

The entire country we traversed is covered with rich bunch and wool grasses and possesses all the characteristics of bunch grass land which within a few years has been sought for with no little eagerness by new settlers. While the whole country has the same general appearance, there is sufficient variety for descriptions of each class.

The first new settlements along the line of the railroad commenced at Big Springs, 7[illegible] miles from Ainsworth. From here to Ritzville and to the bank of Crab creek the soil is light brown and loose and upon casual examination seems to be sandy but hard rubbing between the palm and thumb or grinding between the teeth fail to disclose any grit whatever. The land in townships 17, 18, 19 and 20 north ranges 34, 35 and 36 east has not been thoroughly tested and can be judged only by a few experiments tried and by comparison with other lands of the same character. Philip Ritz the well known fruit grower of Walla Walla has nine sections in the district above described. Portions of the different sections were sown in wheat last spring and summer, not for the purpose of raising a crop but to ascertain whether or not the land was sufficiently fertile to justify extensive cultivation. It was an average season. The result showed that 40 to 50 bushels per acre could be raised from the first sowing and was so satisfactory in every respect that many claims have been taken up in that neighborhood and already this spring about twenty dwellings have been built within a radius of five miles of Ritzville.

The nearest timber and building lumber is seventeen miles distant. The latter costs (delivered) about $17 per thousand. Fire wood is obtained six or eight miles nearer. Good water can be had in the canyons or coulees at depths ranging from eight to twelve feet and on the uplands from forty to sixty feet.

The first running water met going northward is Crab creek. This is the only one of the many streams in that section which is shown with precision on any maps I could get to see. The land from Crab creek north to the sixth standard parallel west to the Columbia guide meridian and thirty miles east embracing about 900 square miles is very much the same character as that about Big Springs but somewhat darker and stronger. The grass is higher and stands more pasturing. All the grain so far raised has been for consumption by the few ranchers and during the past seven years a failure of the wheat and oats crop has not been known to them. Proofs of more than ordinary strength and fertility of soil are given by the profuse growth of sunflower, larkspur and wild geranium which blooms and seeds perpetually.

The land bordering Rock creek from five to fifteen miles north of Big Lake has been cultivated somewhat more than that lying southwest and west of the lake and is always sure to produce 45 to 50 bushels of wheat per acre. A peculiarity about the land in this vicinity is that on the flats and the north sides of hills only wool grass grows and on the hill tops and south slopes only bunch grass.

Since 1872 there have been three dry summers in the country described above and it is remarkable that the crops in those years were from ten to fifteen bushels per acre heavier than in wet seasons. The moisture in the atmosphere is easily absorbed by vegetation, and supplies any lack of rain.

From Rock creek east to Four Lakes the land for the most part is nearly level and is the very richest black loam, free from clay. Much of it was sown in wheat last spring and yielded 45 to 60 bushels per acre. Oats from the first sowing yielded 80 to 100 bushels. This section is known as White Bluff prairie, and is unquestionably as good as the land at the foot of the Blue mountains bordering the Walla Walla valley, and experience for the past six years proves that nature never made better grain producing soil than the latter.

White Bluff prairie is contained in what is known also as the Four Lake country surrounding Silver and Clear lakes. It would have been more aptly named if it had been called the four hundred lake country. The land for miles and miles is dotted with small lakes some of which become dry late in the summer. Nature has supplied in convenient spots heavy growths of pine timber which will supply the fuel and timber necessary for 20 or 30 years even with a large immigration. A saw mill has been established on one of the lakes and is doing a land office business. About half the good government land and about one third of the railroad land in this section has been taken up. I counted from [illegible] 24 dwellings within three miles all built since last summer. The settlers come largely from California, and a few from eastern states.

The climate for persons in ordinary health is all that could be desired, for those with weak lungs decidedly beneficial, for consumptives to be avoided. The air is [illegible] [illegible] rating and free from [illegible]. The rain fall in February, and March [illegible] [illegible] November is heavy. During the summer months there are occasional showers and [illegible] snow covers the earth about [illegible] time. Fifteen inches was the deepest [illegible] eight years. The average depth [illegible] [illegible] to eight inches. Occasional wind [illegible] severe but the prevailing winds are [illegible] south and are nearly always warm. [illegible] can lie as deep as [illegible] [illegible] come up and the snow [illegible] to be melted within twenty four hours. The country is yet too young [illegible] has been too sparsely settled to permit [illegible] [illegible] opinion to be expressed with regard to the healthfulness of the climate, but [illegible] [illegible] of those who have lived in the [illegible] of Stevens [illegible] and Whitman [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible].

JUDGE BELLINGER AND THE GOBBLE DISPATCH

[illegible], May [illegible], 1880.

TO THE EDITOR OF THE OREGONIAN:

I find much comment [illegible] as to [illegible] [illegible] [illegible] land [illegible] Oregon during the presidential [illegible] of 18[illegible]. It [illegible] [illegible] appears to me you have overlooked the real guilty man, that is if his sworn statement are to be taken as true. And from his testimony Judge Bellinger wilfully and wrongly signed the name "Governor" to the cipher below published. In doing so did he commit the crime of forgery? Is such a fit man to be judge of your district? Let it be remembered that Judge Bellinger and Gov. Grover were not intimately friendly and it is believed by some of Grover's friends that this dispatch was sent to injure him and without his consent. And he so stated before the sub-committee on electors. And again the dispatch asking for $10,000 to buy republican elector was to be sent to Bush's bank at Salem. Bellinger and Bush were intimate friends and let it be borne in mind that Kelly and Bush have been enemies for a number of years.

To Hon. Samuel Tilden, No. 15, Gramercy Park, N. Y.—I shall decide every point in the case of the post office elector in favor of the highest democratic elector, and grant certificate accordingly on morning of 6th. Confidential. GOVERNOR.

Senator Kelly stated before the senate:

The governor of Oregon to my certain knowledge was not in Portland during the time I was there or while Mr. Patrick was. I am certain that the governor of Oregon never saw that dispatch. Last evening I received a telegram from him which I will request the clerk to read.

The chief clerk read as follows:

SALEM, Feb. 16, 1879.

Hon. J. K. Kelly, U. S. Senate, Washington, D. C.—Deny that I sent any telegram to Tilden. I never sent a cipher in my life. L. F. GROVER.

I have no doubt of the perfect truth of what the governor says because he could not have had the cipher.

Bellinger testifying on page 20, says:

Most of these dispatches I considered *my own dispatches*.

Again on pages 304 and 305 Mr. Bellinger says:

Mr. Patrick said he thought the committee would help us out. *I then telegraphed—I prepared the telegram myself—telegraphed that we desired a certain amount of money.*

Again on page 336 of Senator Kelly's testimony:

Patrick was not very active. I had seen Mr. Bellinger and we had talked *freely* and decided what *we* should do. Mr. Patrick *simply acquiesced*. He said he thought *we* were doing what he should do. He simply *approved* what *we* suggested, and beyond that he did not take any part.

On pages 306, 307 and 308 Mr. Bellinger further says:

As I stated, I dictated these dispatches.

Again:

Gov. Grover said very little to me. He gave us no encouragement. He would not dictate in any way his own views. The first money asked for was $10,000. (We afterwards came down to $8000.)

In conclusion let me say I know nothing about cipher dispatches but I don't believe that a man that signs another man's name to a dispatch without his consent and telegraphs to New York for $10,000 to buy a republican elector is a fit man to administer laws and deal out justice to his fellow man.

Washington county farmers have about finished seeding.

The Universalist state convention will meet at Dallas on the 10th of June.

The new city council of Corvallis entered upon their duties last Monday evening.

Robert Martin of Junction has started a stage line between that city and Corvallis, making three trips weekly.

There is talk of building a flouring mill at Perrydale this summer. The location is one of the best in the state being in the center of a large agricultural area.

There are 147 pupils in attendance upon LaCreole academy, Dallas. This is an unusually good attendance for the season of the year for a school in an agricultural district.

The total income of the municipality of Corvallis during the last fiscal year was $3118, expenditures, $3014 43. The balance was applied on the outstanding debt of the city, reducing it to $1112 37.

The circuit court docket for Washington county contains three criminal cases which will be tried the coming term at Hillsboro, one of which is that of state vs Henry Wintergerode, for the murder of Jacob Stanger.

L. W. Robertson, I. Vanduyn, E. Poppleton, J. S. Cooper and Adolf Wolf have deposited with Ladd & Bush, Salem, the sum of $3000 to be paid into the county treasury of Polk county in case the county seat is by vote of the citizens located at Independence, otherwise the money is to be returned to the depositors.

Sheep shearing is in full clip in Douglas county.

Two large sturgeon were recently caught in the Umpqua.

Wool is quoted at 16 cents in the Roseburg market, a month since it was quoted at 30 cents.

Douglas county sent the following convicts to the penitentiary last week: James McCormick, four years; Eugene Laselles, one year; Charles Sequitch, twenty five days in the county jail. A petition has been circulated among the members of the bar asking for the pardon of Laselles.

O. & N. C. Moore of Almota are building an excellent ferry boat 62 feet long and 13 feet wide to take the place of the one recently carried away.

Almota promises to be one of the most important shipping points on Snake river. There is an excellent road on the opposite side of the river to Pomeroy running through a rich agricultural district. This with the new ferry will make Almota the natural depot for that section. A new road all on of much easier grade has been built from Almota to Colfax via West Almota creek. The Daily Oregonian.

SATURDAY MORNING, MAY 22, 1880.

OREGON'S ENEMY.

Long ago it was well understood that nothing which a Chicago paper said about St. Louis could be believed, while it was perfectly safe to set down everything found in a St. Louis paper concerning the City of the Lakes as utterly false. No paper in the country, however, has been more persistent in its falsehoods upon any particular subject than has been the San Francisco *Alta* whenever it has attempted to treat any matter pertaining to Portland or the Columbia river. In its issue of May 15th, it makes another assault and promulgates another batch of falsehoods in regard to the proposed harbor of refuge on the Pacific coast, and the manner in which the report of the board of engineers in favor of Port Orford is received by the papers of this part of Oregon, sarcastically stating that "a proposal to dump a few millions into the mud flats of Yaquina Bay or the quicksands at the mouth of the Columbia, would have met with an enthusiastic reception by the same papers." And then follows a few paragraphs apparently indited by the father of lies, concerning the Columbia river bar, the water route thence to Portland and allusions to the freight charges which are made on all products that have to be transported hence to the ocean, characterizing them as enormous and as the means by which Portland has been kept up and grown rich.

Coming, as the *Alta's* article does, from a journal that has been the abject tool of the greatest and most utterly soulless monopoly that ever depressed the business and crushed the energies of any people under the sun, it will only have weight with those who do not understand the position which that paper has always taken in regard to everything pertaining to the interests of Oregon. That its continued slanders have not driven more of the lucrative trade of Oregon away from the merchants of the Bay City is to be attributed only to the fact that Oregon does not hold San Francisco responsible for what the *Alta* says. But for fear some of the misrepresentations made in the article referred to shall escape attention we shall put a portion plainly before our readers. For instance, read the following:

> The dangers and difficulties of navigation, from the ocean to Portland, add enormously to freights, take from the producer a percentage on every dollar's worth of produce raised in Oregon, and adds a percentage to the price of every article imported. The Columbia bar and the Columbia river have depressed the industries of one of the finest states in the union, and have been and are a burden hard to be borne, but hitherto impossible to avoid.

So far from the truth is this that no where else on the Pacific are freight charges so low as on the route from Portland to the ocean, and we doubt if on any other route of the same length in the United States it costs less to transport a ton of wheat than from Portland to Astoria. Even with San Francisco's proximity to the sea, vessels find that it costs very nearly as much to get in and out of her harbor with a cargo as it does to come across the bar of the Columbia, up the Columbia and Willamette rivers, 125 miles, load and return.

The erroneous statements made concerning the bar at the mouth of the Columbia have been so often refuted that it is only necessary to quote from statistics, correctly compiled from the best authorities, which show that from 1852 to August 1, 1874, a period of 22 years, 9,563 vessels crossed the Columbia river bar, of which only seven were lost, a sailing against the tide; four out of these seven vessels were lost while crossing the bar during the night time, and without pilots. These losses amount to less than one-thirteenth of one per cent. From 1st August, 1874, to 1st January, 1878, a period of three years and five months, 1,608 vessels crossed the Columbia bar, with a united register tonnage of 1,172,536 tons, none of which were lost on the bar except the barkentine *Architect* and ships *Nimbus*. There is no barred river anywhere else in the world, including San Francisco bar, where the same number of vessels crossing within similar periods have sustained such few losses, aggregating only nine vessel out of 21,181 vessels within 25 years. Comparing these losses on the Columbia bar with those which have occurred in the harbor of San Francisco and vicinity, reputed to be one of the safest harbors in the United States, we find from the *California Official Wreck Register* 119 vessels stranded or damaged during ten years, from 1861 to 1870 inclusive. This comparison ought to silence forever the animadversions which even the most unscrupulous journalist in San Francisco might be disposed to heap on the commercial advantages of Oregon, as dependent upon the Columbia river.

But with that pompousness which is apt to characterize and always indicates ignorance, the *Alta* says "Portland has for 30 years taken its tolls from both producer and consumer, and by their aid has grown in that time from a clearing in a fir forest to nearly the dimensions of a thriving California village."

This is a sample of the tenor of the whole article, and its false intimation is hardly worthy a denial. Except San Francisco, no other town on the Pacific coast does near the business that Portland does, and none others except Oakland, which embraces an unusually large scope of country for a city, contains as much wealth as Portland. Neither these California cities, nor any other on the coast, contain as much wealth in proportion to the population, and in the rapid but healthy growth which is constantly going on in Portland. With her fast increasing commerce with the eastern cities and Europe, her soon to be realized railroad facilities, Portland can well afford to have the journals of the city of hills and sandlotters yelp at her prosperity; for it does not repress the confidence of her energetic people nor retard her advancement toward a point in her history when she will rival the much boasted commercial greatness of San Francisco.

The most glaring errors into which the writer in the *Alta* falls, however, have not yet been noticed. He says further in his diatribe:

> Port Orford is at the most westerly point of Oregon, in a region rich in every natural wealth. With a breakwater, it would be an absolutely secure harbor, which the largest ships afloat could enter or leave by night or day at any and every season of the year, without charges for pilotage, without the delays occasioned by a barred harbor, and without the expense of a hundred and twenty-five miles of inland river navigation.

The truth is, that instead of being "in a region rich in every natural wealth, Port Orford is in a region where the coast range of mountains comes down to the shore of the Pacific ocean, and present obstacles to the construction of any easy means of reaching it from inland that are next to insurmountable. There is a very small amount of land within a hundred miles of it which can ever be used or cultivated in any way, and the mountains which back it on the east present difficulties to the building of a railroad which are second only to those which the Central Pacific encountered in the Sierra Nevadas. The board of engineers admit as much in their report, saying, in answer to the objection, that at Port Orford the harbor of refuge would be of no benefit to the state, substantially, that it was not to be constructed for the benefit of the land, but the selection was to be made on account of advantages to ocean commerce. And because this is true, the board selected Port Orford, and not because the site was eligible on account of its advantageous land surroundings. It had none. Oregon has no objection, nor has any Oregon newspaper made any, against the government putting ten million dollars into an improvement within her borders, but some of her "bucolic journals" will not allow such gross misrepresentations as the *Alta* makes to go uncorrected.

Eastern journals are predicting that Grant will have a majority of the delegates in the Chicago convention on the first ballot, but inasmuch as "there's many a slip, &c." and as heretofore the predictions of the newspapers on this subject have almost invariably been upset by the results, we have grave doubts yet about Grant winning the nomination. The managers in Illinois, like those in New York and Pennsylvania, have manipulated the state convention in his favor, but from neither of these states will he get a solid delegation. Just how many of the delegates will refuse to obey the instructions where instructions to vote for Grant have been given directly or indirectly by the adoption of the unit rule, is not known, but in New York and Pennsylvania a very considerable proportion of them have openly declared their intention not to support Grant.

The following, from the San Francisco *Globe*, is a fair illustration of government red tape: "The commander of the revenue cutter *Thomas Corwin* has advised the treasury department that he will be ready to sail for the Arctic seas on the 15th instant. The object of the voyage is to hunt for some whale ships and their crews. The vessels have been lost nearly a year. The chamber of commerce, about four months ago, petitioned congress on the subject; the usual red tape formula had to be gone through with; the petition was granted, and then it was discovered that the government had no vessel fit to make the voyage. So the *Corwin* was put into a dry dock and fixed up for the trip. We doubt if the *Corwin* will find anything but wrecks and a lot of skeletons."

The challenge which Mr. George has repeatedly given to the friends of Gov. Whiteaker to name a solitary bill which the latter has drafted or introduced in the interest of the people of Oregon, either in congress or in the state legislature, in which Gov. Whiteaker has often occupied a seat, has not yet elicited a reply from man or paper. But columns of what Whiteaker has in process and in contemplation are printed to gull the people into the belief that he is a wonderfully active and industrious sort of a man. A very good authority says: "By their fruits" (not by their promises) "you shall know them."

W. P. Lord, candidate for supreme judge, is not as old as Kelly, Prim or Burnett, but in point of legal ability is more than the equal of either of the three. His honesty will be attested by the people of Marion county, among whom he has resided for the last eight years, a large majority of whom, irrespective of party, will support him.

SATURDAY MORNING MAY 1880

CITY.

... RUNAWAY—A most ... accident occurred ... evening about 6 o'clock at the corner of Fourth and Jefferson streets in which Miss Carson daughter of Mr ... Carson ... Thursday to ... Miss Carson ... hired a team and buggy and the couple started for Portland. The ... reached the head of Jefferson street ... while coming down ... pressed hard against ... very ... down Jefferson ... Mr Northrup ... became unmanageable. At the ... occupants were buried ... violently ... Miss Carson was ... young lady ... about the body. Mr Northrup was thrown with great violence ... lumber ... the eye and what is feared internal ... vigorous ... presently. The young lady and gentleman were conveyed to the residence of Mr Carson ... was ... a physician ... summoned. At a late hour last evening both were resting comfortably.

THE LATE E. MARTIN—The San Francisco ... of the 13th contains the following notice of the late Edward Martin brother of Mr J J Martin of this city: Edward Martin treasurer and secretary of the Hibernia Bank and for many years the principal of the firm of E Martin & Co died yesterday morning at his residence No 723 Sutter street, from an attack of paralysis. Deceased was a native of Enniscorthy, Wexford county Ireland aged 61 and arrived in San Francisco in November 1848 coming from Chile where as an extensive ... he laid the foundation of the large fortune that he enjoyed at the time of his death. In 1850 he returned to this state after an absence in the east and Europe and entered into the real estate business. In 1859 together with other prominent men he organized the Hibernia Bank. In 1870 ... since which time he has been its principal manager. About the same time of the organization of the bank he established the wholesale liquor business of E Martin & Co with a branch store at Portland Oregon. Mr Martin was twice married the last time to a sister of Gov Downey of Los Angeles and leaves a family of nine children. Deceased was a member of the society of pioneers and a lifelong democrat, refusing, however any active participation in politics. The estate is estimated at over two millions. Besides a number of valuable lots and buildings in this city he owned 600 000 acres of land in Oregon and a tract of some 35 000 in Los Angeles county.

MULTNOMAH LAW CLUB—This society organized some weeks since holds its regular meetings every other Friday evening. The object of the association is expressed in the preamble to the constitution which reads: Desiring to increase the interest in legal science among lawyers and for the benefit of mutual intercourse and pertinent discussions, and further to establish a code or standard of professional conduct. The association is in a flourishing condition embracing among its members some of the most promising young lawyers of the city. Its exercises consist of a lecture or essay at each meeting on some legal topic. Last evening Alfred F Sears Jr, read a very interesting essay on Republican Judiciary. At the next meeting J M Bower will read an essay on Legal Technicalities.

ONLY LANDESHUT—The remembrance of one S E Landeshut who recently figured quite prominently before this public, has not faded from the memory of the members of the late Stock and Produce Exchange. Landeshut it will be remembered, quietly shook Portland dust from his restless soles, and his seven benign countenance has been seen no more. From the following paragraph which recently appeared in a San Francisco exchange, it will seem that Landeshut is an oily knave: "A divorce has been granted to Lizzie F Landeshut from S E Landeshut, on the ground of failure to provide. The care of the children has been given to plaintiff."

TILLAMOOK ROCK LIGHTHOUSE—From the Astorian it is learned that Mr Ballantyne has already completed leveling to a base on the rock and will soon be ready to receive the material necessary for the construction of the lighthouse to be erected thereon. The peak of the rock has been sunk about thirty feet which gives a level base of about seventy feet square. This will allow a surplus of about ten feet clear all round the structure when built. Mr Ballantyne has eighteen men employed constantly and it is to be hoped that the work will be carried on to completion without any delay for want of funds.

LETTER LIST—The following letters remain uncalled for at Wells, Fargo & Co's office. S. S Barge, J W Bolton, H. L. Boop, M. C Nye, Sank Owens, Mrs B. A. Chambreau, J M Cordon, J M Gross, Miss Gracie Grey, W H Games, S. Holly, S E Harker, A H Isham, Miss Nellie Kern, J H Maguire, R. G Mandel, R. W Richardson, E Severance, A W Swan, E. Styris, Chas Stephens, Miss Ada Tracy, J Tourny, W Walters, Mrs. E Wallace, C. L. Wilson, Jos. Watson.

WEST SIDE ROAD—The extension of the west side portion of the Oregonian Railway Company's road is in a fair way of completion. Grading bridging and trestle work will be completed next week. Mr J B Montgomery the contractor has a large force of men engaged in track laying, and it is expected that cars will be able to run into Dallas by the 1st of June.

FLOWERS WANTED—Persons who have flowers to contribute to George Wright Post, G A R to be used on Memorial Day, will confer a favor by leaving their address with Post Commander Pierce at the postoffice so that a messenger can call for them on Saturday morning the 29th. All donations will be most thankfully received.

BASKET PICNIC—The people of Dallas in Polk county contemplate giving a grand basket picnic on the 4th of June. This will be a few days after the completion of the narrow gauge railway to that place. The picnickers will take the train and come down to some point this side of Dallas. A very pleasant time is anticipated.

LARGE SUBSCRIPTION LIST—Enough season tickets have been subscribed to the Heyman Marriner concerts to insure financial success. The subscribers include the best local musicians and the leading citizens of Portland. The programme will be published as soon as it will have been received from San Francisco.

DEATH OF A. C McDOUGALL—Rev A C McDougall, who, in times past has been prominently identified with the Independent Order of Good Templars of this state and also the Champions of the Red Cross died in Salinas City California, on the 11th of May. He was aged 49 years.

BENEFIT—There seems every reason to predict that the forthcoming benefit of Mr Geo D Chaplin, which is announced to come off next Wednesday evening will be very successful. A very attractive programme will be presented.

GAS MAIN—The Portland Gas Works are extending their gas mains far out to the west of the city on B street. The residences of Mr Jeffery, Mr Johnson and H D Green are now included in the gas circuit.

BUSINESS NOTICES

If any lady desires a costly and fashionable dress she should go to Mrs. Litt's.

SAN JOSE CLUB

A large number of San Josœans met pursuant to call last evening at Hibernia Hall. Mr Shipper called the meeting to order stating the object ... J L Curtis was elected temporary chairman and J L Clark temporary secretary. A committee on permanent organization was appointed consisting of Messrs Breedon, Centrer, Delong, Rolfe and ... After which the meeting adjourned to next Friday night at 8 o'clock. Forty one persons signed the call which it is expected will be increased to 100.

SUICIDE BY HANGING

An Old Lady 61 Years of Age Ends Her Existence by Means of a Rope—Weary of Life

SPECIAL TO THE OREGONIAN

SALEM May 21—Mrs Elizabeth Ramsden a lady about 61 years of age committed suicide some time last night by hanging herself at the residence ... North Salem ... band James Ramsden was absent at the time being engaged in peddling meat from a wagon and was at the time serving his customers. The old lady has been an invalid ... some time and has often expressed a desire to rid herself of the pains and trials incidental to life. No attention however was paid to the matter and availing himself of her husband's temporary absence she last evening prepared for the closing event of an overburdened life. Some time during the night she tied a rope to one of the joists in the woodshed the length of which necessitated her persistent kneeling to the floor to accomplish her insane purpose and her body was found hanging there at an early hour this morning by the neighbors. A coroner's inquest was held this morning and a verdict returned in accordance with the facts of the case. She leaves a family of several children.

Report of State Fair Committee on Wm. Scheffler's Wines and Brandy.

To the Board of Managers of the Oregon State Fair for the year 1879—DEAR SIRS: Your committee appointed to report on the exhibit of wines and brandies do respectfully report that they have thoroughly examined and tested the PORT, SHERRY and AMBER WINES put on exhibition by Mr Wm Scheffler of St Helena, Napa county, Cal and that we have called in experts in aid of our judgment and would feel that we were doing Mr Scheffler great injustice did we simply report an exhibit of fine wines. The committee feel that they should go much further and say we find an exhibit of really very superior wines which we feel justified in recommending to the confidence of all who have use for wines. We have every reason to believe them pure, and we can say for ourselves that they are delicious in their flavor.

We have also tested Mr Scheffler's SANITARY (VACUUM DISTILLED) GRAPE BRANDY and is pronounced by connoisseurs brought to our aid as being wonderfully smooth and inviting—and the fact that by the new process of distilling adopted by Mr Scheffler the brandy is freed from the fusil oils is a desideratum never before attained as we believe and should and doubtless will make Mr Scheffler the leading brandy manufacturer on this coast. We would recommend to all druggists a trial of this brandy and these wines. And your committee would recommend the award of the society's diploma for SUPERIOR BRANDY AND WINES.

THE OREGON KIDNEY TEA!

Read the following testimonials, not from persons 3 000 miles away whom no one knows but from well known and trustworthy citizens of Oregon, whose names, written with their own hand can be seen at our office:

Pendleton Oregon January 1 1880

Having suffered with my kidneys I was induced to try the Oregon Kidney Tea, which relieved me in a short time. I take pleasure in recommending it to the public as a safe remedy for kidney difficulties.

GEO W BAILEY,
County Judge for Umatilla

Salem Oregon January 20 1880

Some time ago I bought a package of Oregon Kidney Tea and after using it felt better than I had for years and bought two boxes more being unwilling to be without so valuable a medicine. My wife pronounces it the best kidney preparation in use.

Quinine and Arsenic

Form the basis of many of the Ague remedies in the market, and are the last resort of physicians and people who know no better medicine to employ for this distressing complaint. The effects of either of these drugs are destructive to the system producing headache intestinal disorders vertigo dizziness ringing in the ears, and depress on of the constitutional health. AYER'S AGUE CURE is a vegetable discovery, containing neither quinine arsenic nor any deleterious ingredient and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms it is a superior remedy for Liver Complaints. It is an excellent tonic and preventive as well as cure of all complaints peculiar to malarious marshy and miasmatic districts. By direct action on the Liver and biliary apparatus it stimulates the system to a vigorous healthy condition. For sale by all dealers. Hodge, Davis & Co wholesale agents Portland.

THE REAL ESTATE MARKET.

The following special report of the real estate market is furnished THE OREGONIAN by Clark & Upton, real estate agents and architects:

Since our report of last week there have been recorded 37 deeds, 23 of which were for city properties, 7 county and suburban and 7 East Portland. Of the aforesaid 37 deeds 13 aggregate $18,810. The remaining 24 show a total consideration of $56, 11 being sales by the chief of police for delinquent city assessments, 2 U. S. patents, and 11 for nominal consideration of $1 each. During the past (and the preceding) week an unusual proportion of the deeds recorded have showed nominal consideration, only making the total amount of business done to appear very considerably below the actual amount. Even allowing for this fact the business of the week has been unusually light, and many of the new agents who have recently hung out their shingles are complaining that business does not come up to their expectations. However, though quiet, the real estate market is far from dead. In our own office the enquiry has been greater than for several past weeks, and the business done above the average.

NEW YORK FREIGHTS AND MARKETS.

[SPECIAL DISPATCH TO THE OREGONIAN.]

NEW YORK, May 21.—Clipper freights continue very quiet, although there seems to be more doing during the past few days but part of the movement is induced by low rates of freight offered by one of the lines in order to get their vessels off. Rates are irregular, and no reliable quotations can be given, although a pretense is made of steadiness. Tonnage is in good supply, but owing to the dullness of trade lines are not anxious to take vessels. Isthmus freights are quiet. To-day's steamer had only 823 packages for the California market, including 50 bales cloves, 50 cases milk, 100 barrels rosin, 10 casks cherry juice; 500 boxes tin plate, 700 pieces pipe and a lot of car wheels, spikes, etc.; also 214 packages for China and 59 for Australia. Overland freights have been very active and the movement larger than for some time, amounting 11436 packages.

King of the Blood.

Cures all Scrofulous affections and disorders resulting from Impurity of the blood. It is needless to specify all, as the sufferer can usually perceive their cause; but *Salt Rheum, Pimples, Ulcers, Tumors, Goitre, Swellings, &c.*, are the most common, as well as many affections of the *Heart, Head, Liver and Stomach.*

SCROFULA.

Wonderful Cure of Blindness.

D. RANSOM, SON & CO.: For the benefit of all troubled with Scrofula or Impure Blood in their systems, I hereby recommend King of the Blood. I have been troubled with Scrofula for the past ten years, which so affected my eyes that I was completely blind for six months. I was recommended to try King of the Blood, which has proved a great blessing to me, as it has completely cured me, and I cheerfully recommend it to all troubled as I have been.

Yours truly,
MRS. S. WEATHERLOW, Sardinia, N. Y.

DR. PAUL M. BRENAN
The Most Successful Physician of the Pacific Coast,

IN THE TREATMENT OF ALL CHRONIC AND DIFFICULT DISEASES

DR. BRENAN WILL GUARANTEE TO CURE any form of disease of the generative organs or private disease.

He has become an expert in the treatment of disease, weakness and derangement of the reproductive organs of both male and female, including diseases caused by the

FOLLIES OF YOUTH,

such as SPERMATORRHEA, or SEMINAL WEAKNESS, or LOSS OF PERFECT VITALITY. Nearly two-thirds of all the Chronic Diseases spring either directly or indirectly from some derangement of the sexual system, and yet this subject is neglected by the majority of the Medical Profession.

I know that persons who are unfortunate enough to be afflicted by any form of sexual disease have a delicacy in calling upon the proper physician in time, from a sense of modesty and sometimes from ignorance, and permit these diseases to exist until their constitution become corrupted, their organization broken down and the hope of future happiness blighted, until death becomes a welcome messenger to carry them out of their miserable existence.

Everything strictly confidential under all circumstances.

Lost manhood perfectly restored.

Catarrh, Bronchitis, Throat Diseases, Skin Diseases, Rheumatism, Kidney Complaint and all Diseases of the Eye and Ear, Stomach and Bladder, he can cure without fail.

Consultation free, and a list of printed questions sent to those living at a distance who cannot consult him personally. Enclose postage stamp for list.

THE GENUINE

DR. C. McLANE'S

CELEBRATED

LIVER PILLS,

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

DR. SPINNEY
No. 11 Kearny Street
Treats all Chronic and Special Diseases

YOUNG MEN

WHO MAY BE SUFFERING FROM THE effects of youthful follies or indiscretion will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, $5. Call or address
